The Emergency Medical Technician certification is the gateway process for a career pathway in Emergency Medical Services. Phoenix College is currently advising and enrolling interested and dedicated students for the program. Day and evening sessions are currently available however, course sessions are limited to first come first served in the enrollment process.

**PRIMARY FOCUS OF THE EMT:**

The EMT provides basic emergency medical care and transportation for the sick and injured, both critical and emergent patient(s) who access the EMS 911 system. The EMT possesses the basic knowledge and skills necessary to provide patient care and transportation. The EMT functions as part of a comprehensive EMS response, under medical oversight from the scene to the emergency health care system.

**PRIMARY EDUCATIONAL MISSION AT PHOENIX COLLEGE:**

To prepare competent professional EMT's for state and national certification, to obtain employment in the emergency services and other areas of the health care delivery system. This is accomplished through providing competent dedicated education and training to the student to prepare them to obtain the National Registry of Emergency Medical Technician certification and become an Arizona certified Emergency Medical Technician.

Please contact the Phoenix College Advisement department for an appointment and information at 602-285-7777 or visit them on the web at [www.phoenixcollege.edu/students/advisement](http://www.phoenixcollege.edu/students/advisement). Please review the student handbook and catalog for additional information on registration; these materials can be located at [www.phoenixcollege.edu](http://www.phoenixcollege.edu).

**Hepatitis B Declination**

If you choose to decline the Hepatitis B series, please read and sign the following section:

I understand that due to my exposure to blood or other potentially infectious materials during the clinical portion of my health science program, I may be at risk of acquiring Hepatitis B virus infection. I have been encouraged by the EMT Department faculty/staff to be vaccinated with Hepatitis B vaccine, however, I decline the Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. By signing this form, I agree to assume the risk of a potential exposure to Hepatitis B virus and hold Maricopa Community College District as well as all hospital and pre-hospital clinical observation sites harmless from liability in the event I contract the Hepatitis B virus.

**2019-2020 Seasonal Influenza Declination**

I understand that due to the nature of health care and the volume of individuals that I may come in contact with, I may be at risk of acquiring an influenza virus. The health requirements for the allied health program in which I am enrolled, as described in the Student Handbook, include the current influenza vaccination as identified by the Centers for Disease Control for the current influenza season as part of the program's requirements. I have been encouraged by the faculty to be vaccinated; however, I decline the influenza vaccination at this time, I understand that by declining this vaccine, I continue to be at risk of acquiring influenza. By signing this form, I agree to assume the risk of potential exposure to influenza and hold the Maricopa Community College Allied Health Program as well as all health care facilities I attend as part of my clinical experiences harmless from liability in the event I contract the virus. I also understand that, due to the contagious nature of the virus, that a health care setting may not accept my placement if I refuse vaccination.
