## Maricopa Community Colleges is Supportive of our Military and Veteran Students

It's an honor that U.S. veterans, active reservists, and family members of veterans are among our student body. Both active duty military personnel and veterans often seek educational support and job training to transition from military service to civilian life, and many start with a community college.

At Maricopa Community Colleges, services for military personnel, veterans, and their dependents are designed to offer the highest quality assistance. We offer a variety of certificates and degrees to assist veterans with career and educational goals, workforce development, and preparation for university transfer, as well as a variety of support services. We also have a long history of providing education and training, allowing you to enhance existing skills, gain new skills, and translate military training and experience into a rewarding career.

All of our colleges have received the Veteran Supportive Campus designation by the Arizona Department of Veterans' Services. Additionally, Maricopa Community Colleges is a partner organization of the Military/Veteran Resource Network and BeConnected.

We have an established tradition of providing access to higher education, and take pride in offering in-state tuition to all students using Veteran Administration educational benefits.
