It is my choice to receive massage therapy. I realize that the treatment is being given for the well-being of my body and mind. Treatment benefits may include stress reduction, muscular tension, spasm or pain relief, as well as increased circulation or energy flow. I agree to communicate with my student therapist any time I feel that my well-being is being compromised.

I understand that the practitioners are student therapists, under the supervision of an instructor and do not diagnose illness, disease or any physical or mental disorder, nor do they prescribe medical treatment, pharmaceuticals, or perform spinal manipulations. I acknowledge that massage is not a substitute for medical examination or diagnosis and that it is recommended that I see a primary health care provider for that service.

I have stated all medical conditions that I am aware of and will update the student practitioner of any changes in my health status.
