The Phoenix College Honors Program provides Honors students the opportunity to do Honors work in an advanced class that the Program cannot offer as a designated Honors class. You may complete one Honors Individual Project as part of the 15 credits needed to graduate with the Honors Program. This project option is only available during a Fall or Spring semester.

This petition determines if you are eligible for the project option and is the first step in the process. Complete it and return to the Honors Hub no later than two weeks before the start of the semester in which the project will be completed.

Please check the box next to the following questions if your answer is YES.

1) Will you have completed at least 9 credits of regularly scheduled PC Honors classes before starting this project?
2) Are you working toward completing at least 15 Honors credits so you can graduate with the Honors Program?
3) Do you understand that only one Honors Individual Project may be completed and counted toward the 15 Honors credits needed to graduate with the Honors Program?
4) Is the course for which you are petitioning to do the Honors project at least a 200-level course at Phoenix College?
5) Is the course in question not offered as a designated PC Honors course this academic year?
6) Is the course in question scheduled during a regular Fall or Spring semester?
7) At the time of turning in this petition, is it at least two weeks before the start of the semester in which you intend to do the project?

After you have answered the questions, come to the Honors Hub to discuss your project idea with and get approval from the Honors Director, who retains the right to interpret the guidelines for the Honors Individual Project according to his or her discretion.

Once your petition is completed and approved, you will need to complete the Honors Individual Project Contract, which must be filed with the Honors Program before the start of the semester.

Student name: ____________________________ Student ID: ____________________________
Student email: ____________________________ Student phone: ____________________________
Course: _______ Section number: _______ Course title: ____________________________
Instructor name: ____________________________

Student’s signature and date, I understand and agree to abide by the rules of this Honors Individual Project.

Instructor’s signature and date, I agree to work with this Honors student on his/her Honors project in my course.

Honors Director’s signature and date, I approve this Honors Individual Project for this Honors student.
