If approved, supporting documentation must be uploaded to the corresponding transaction during reconciliation.

The Director of Purchasing will be the final authority regarding ProCard exceptions and the delegation of ProCard exceptions to those under the ProCard Administrator.

Use of the ProCard for Invoices

The ProCard **should not** be used to pay current nor outstanding invoices resulting from a purchase order or an unauthorized order.

Splitting Purchases

Transactions are not to be artificially divided or fragmented to meet the single purchase limit or circumvent competition requirements.

Valid Receipts

Itemized receipts are required for each transaction. An itemized invoice may be needed as additional supporting documentation.

Transactions Requiring Competitive Quotes/RFP Contracts

- A purchase with competitive quotes should not be processed on the ProCard. Quotes need to be vetted prior to proceeding.
- The ProCard can be used to process payment (including purchases over \$5,000) for vendors awarded under an RFP issued by the Procurement Department. The RFP must be referenced in the comment section for the transaction.
- Use of Competition Waivers for ProCard purchases requires purchasing approval prior to the purchase.

Record Retention and Reconciliation in FMS

It is the responsibility of the Cardholder and/or the Reviewer, to submit all associated documentation for each ProCard transaction as part of the reconciliation process. Documentation is to be uploaded to the corresponding transaction in FMS prior to the reconciliation deadline. The Reviewer is responsible for determining that all of the purchases made were for a valid business purpose, appropriate to be processed on the ProCard and received by the department. In the event of an absence, reconciliation must still be completed.

Reviewers

A Reviewer must be assigned to each ProCard account.

- A Reviewer should be the Cardholder's direct supervisor or the individual over the budget that is used on the ProCard.
- The Reviewer in no circumstance can be a counterpart or subordinate of the Cardholder.

If a Reviewer retires, separates, or is transferred, the Cardholder must stop using their ProCard until a new Reviewer is assigned. Every effort should be made by the Reviewer to report their employment status change to the Fiscal Authority at their earliest opportunity. The Fiscal Authority must notify the ProCard Administration Office and assign a new Reviewer to the card.

The Cardholder is responsible for contacting the supplier when they want to cancel a transaction they authorized to be processed (e.g., hotel reservation, back order items, etc.). If a cancellation is not processed at all or in time by the Cardholder, the vendor has full rights in processing the order/authorization.

Charge Disputes

Should a problem arise with a purchased item, or with billing, every attempt should be made to resolve the issue directly with the vendor. If resolution for a disputed charge directly with the supplier was not successful, the Cardholder should call Chase to dispute the transaction. The ProCard Administrative Team can also issue the dispute claim directly with Chase on behalf of the Cardholder. Chase must be contacted for disputed items no later than 60 days from the transaction date.

Lost, Stolen or Erroneous/Fraudulent Charges on the Card

The Cardholder is responsible for notifying Chase **immediately** if the card is lost, stolen or he/she has noticed erroneous/fraudulent charges on their account. If credits are not received for fraudulent transactions, the Cardholder must follow up with Chase to resolve any issues.

Changes to Cardholder Accounts/Permissions/Status

All changes to Cardholder accounts must be approved and submitted to ProCard through the Fiscal Authority.

Compliance

The Director of Purchasing & Auxiliary Services has the authority to investigate and to determine whether a violation of the purchasing policies has occurred and can recommend corrective actions to be taken as a result of such violations.

ProCard policy violations include, but are not limited to:

- Failure of the Cardholder or Reviewer to complete responsibilities
