Dear Dr. Britt,

At its February 1, 2024 meeting, the Commission on Dental Accreditation (CODA) granted the dental hygiene program the accreditation status of “approval without reporting requirements.” The definitions of accreditation classifications are linked below. Below is a summary of actions and additional information.

Dental Hygiene Progress Report

At its February 1, 2024 meeting, the Commission on Dental Accreditation considered the November 2023 progress report on the dental hygiene program.

Following careful review of the information provided, the Commission determined that the recommendations cited in the site visit report adopted August 10, 2023 have been met and adopted a resolution to change the program’s accreditation status to “approval without reporting requirements.”

No additional information is requested from the program at this time. The next site visit for the program is scheduled for **2030**.
