

Histologic Technology (HT Level) Program Student Outcomes Measures:

3-Year Weighted Average

2017-2020

Graduation Rate 100%

Attrition Rate 0%

Placement Rate 100%

BOC Exam Pass Rate 77%

Notes: The three year weighted average pertains to the period for 2017-2020.

Graduation and attrition rates are cohort based. Cohorts are defined as all students enrolled in the Histologic Technology core program courses at Phoenix College entering the final half of the program (HST185 or higher) and have graduated or withdrawn as of June 30, 2021.

Placement and exam pass rates are based on all graduates in a calendar year. Of those individuals who responded to the surveys, graduates were counted as placed if employed in the field or continuing their education within 12 months of graduation. Graduates were counted as passing the ASCP Board of Certification exam (or other recognized exams) if they passed within one year of graduation.

Histologic Technology program outcomes measures as defined by the National Accrediting Agency for Clinical Laboratory Science (NAACLS, 5600 N. River Road, Suite 720, Rosemont, IL 60018, 773-714-8880, [www.naacls.org](http://www.naacls.org))
